New Fire Advisor position

UCCE has hired a new advisor! Lenya Quinn-Davidson, who has worked for UCCE for 4.5 years, recently took a new position as the Area Fire Advisor. The position covers a four-county region, including Humboldt, Trinity, Mendocino, and Siskiyou counties, and will include research and outreach on fire science and management topics. Lenya will continue to serve as the northern California coordinator of the CA Fire Science Consortium, and to offer fire-related events and resources to landowners, land managers, and others in our region. Feel free to email Lenya.

\$2.6 million for oak restoration

A partnership of eight agencies and organizations, led by University of California Cooperative Extension, is bringing \$2.6 million to Humboldt, Mendocino, and Trinity counties through the [NRCS Regional Conservation Partnership Program](#). The grant will fund oak woodland restoration efforts on private lands over the next 5 years, providing much-needed resources to conserve and restore wildlife habitat. This program builds on recent UCCE-led research on conifer encroachment in North Coast oak woodlands. Contact Lenya for more information.

University of California
Agriculture and Natural Resources

**We are dedicated to improving the quality of life of Californians
by developing and delivering research-based information in
agriculture and natural resources,
and by supporting healthy families and communities.**

Facebook

Website

**We have excellent resources on many subjects, including
growing vegetables and fruit trees, how to address pests of the home and
garden, range and forest management and curriculum for 4-H projects.**
