New publications & Master Food Preserver demos

July 2018

New garden & farm publications

Whether you are a home gardener or a small farmer, you might want to check out the latest publication [Vegetable Pest Identification for Gardens and Small Farms](#), a spiral-bound set of 53 pocket-sized cards based on the best seller [Pests of the Garden and Small Farm](#). Use these handy cards in the field to identify and

Free Master Food Preserver demos!

Join the UC Master Food Preservers for two FREE upcoming demos at the Ag Center in Eureka. There is no cost for demonstrations and registration is required as space is limited. Both demonstrations will take place at the Ag Center in Eureka, a wheelchair accessible venue.

manage common pests of backyard-grown vegetables, community or school gardens, and small farms in rural and urban areas.

While perusing the online catalog, be sure to check out the [200 FREE publications](#) available for download that range in topics from farm water quality planning to vegetable crop production in California.

UC's Integrated Pest Management (IPM) team also has in-depth information on how to manage common pests of the home or garden at <http://ipm.ucanr.edu/>.

July 19 Fruit Leather [Register NOW!](#)

5:30 - 7:30 PM

Learn how to use a dehydrator and make tasty and delicious fruit leather. This is a great way to learn how to make food with children!

August 16 Tomatoes [Register NOW!](#)

5:30 - 7:30 PM

Prepare yourself with recipes and ideas for the onslaught of tomatoes! Tomatoes harvested and canned at peak season captures that summertime freshness that can be enjoyed through the winter.

We are dedicated to improving the quality of life of Californians by developing and delivering research-based information in agriculture and natural resources, and by supporting healthy families and communities.

Facebook Website

We have excellent resources on many subjects, including growing vegetables and fruit trees, how to address pests of the home and garden, range and forest management, and curriculum for 4-H projects.
